Interventions • Crisis Management • Family Recovery • Counseling • Professional Training

Compassionate and clinically cross-trained dual diagnosis counselor, interventionist, and professional trainer specializing in navigating the intersection of addiction, mental health, and family systems. Nationally recognized interventionist, trained in 3 major modalities. Professional presenter and licensed counselor, known best in Charlotte for opening the city's first truly dual diagnosis outpatient treatment program: to include logistics, curriculum, and staffing, while carrying a caseload, and nationally, training directly under Jeff and Debra Jay in the Love First model. Flexible and intuitive clinician with the ability to pull from multiple evidence-based treatment and intervention models with a strong focus on whole-person and whole-family recovery.

KEY SKILLS

Behavioral Health | Dual Diagnosis | Addiction Treatment | Mental Health Counseling | Family Systems | Interventions | Program Design | Crisis Response | Relationship Management | Individual Counseling | Professional Training | Group Counseling | Mindfulness Practices | Mindfulness Workshops | Love First | Arise | Guided Interventions

PROFESSIONAL EXPERIENCE

Hanna Interventions | Charlotte, NC | 2016-present

National Interventionist

- Providing interventions utilizing whole-person, whole-family approach, incorporating methodology from 3 different intervention models
- Specializing in addiction, mental health, and dual-diagnosis interventions and case management,
- Working knowledge and specific experience working with young adults, baby boomers, older adults and complex family systems
- Offering counseling, consultation, and case management for individuals and families
- Facilitating workshops, webinars, CE training for professionals in the helping and human service fields and mindfulness retreats for professionals and lay folks

Love First | St. Claire Shores, MI | 2012-2016

Clinical Interventionist

- Facilitated interventions utilizing Love First model with young adults, baby boomers, and older adults
- Developed crisis response protocols, to include assessment, referral, warm transfer to internal resources and external services, and follow up
- Provided indirect case management through policy, and direct, individualized case management to families and clients to support personal and family success in recovery.
- Served as lead counselor, supervisor, trainer, and consultant for owner, Debra Jay in creation and implementation of the Structured Family Recovery Program
- Trained treatment facility staff and counselors in Structured Family Recovery certification process
- Served as community liaison for local, state, and national treatment centers.
- Grew database of committed referents and resources
- Streamlined services for families and referents by providing professional communication, support, additional resources, and preliminary and post-intervention case management

Eastover Awakenings | Charlotte, NC | 2000-2012

Founder and Clinical Director

Dual-Diagnosis Intensive Outpatient Team

- Founded Charlotte's only dual-diagnosis IOP (at the time) to include: curriculum development, recruitment, onboarding and supervision of staff (team of five clinicians), program implementation and operations management
- Created an anonymous support group for dual-diagnosis clients
- Fostered community awareness, referral relationships, and strategic partnerships.

Amethyst Behavioral Health | Charlotte, NC | 1996-2000

Primary Counselor

- Carried a heavy caseload of clients, ensuring each received individualized counseling
- Developed treatment plans and aftercare plans, to include community resources in concert with clients and clinical team
- Ensured proper and timely documentation

The Recovery Center | Charlotte, NC | 1995-1996
